## **DETAILED ACTION**

## Response to Arguments

Applicants amendments including new claims 17-40, and amended claims 2-3 and 12-16 have been considered, however, all new independent claims 17, 20, 25, 30-31 and 36 are rejected for failing to comply with the written description requirement under 35 U.S.C. 112 1<sup>st</sup> paragraph. This action has been made final.

## Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 2-3 and 10-40 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

The Examiner notes the amendments to the specification, and submits that the phrase "using, for each subband, a respective one of a plurality of different FFTs" is new matter. The Examiner has performed a cursory review of the specification and nowhere in the previously filed specification provides support for the above noted statement.

Accordingly, independent claims 17, 20, 25, 30-31 and 36 all contain this feature and

Application/Control Number: 09/942,628

are hereby rejected. Dependent claims which are dependent thereon are also rejected

by virtue of their dependency.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in

this Office action. Accordingly, THIS ACTION IS MADE FINAL. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37

CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE

MONTHS from the mailing date of this action. In the event a first reply is filed within

TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later

than SIX MONTHS from the date of this final action.
